## PROFESSIONAL SUMMARY

I'm a passionate developer focused on building responsive web and backend applications using Python, SQL, Flask, and modern technologies. I enjoy transforming real-world ideas into smart, functional systems.

## EDUCATION

**Bachelor Of Technology-** CSE(ARTIFICIAL INTELLIGENCE)

FINAL YEAR

MJR College Of Engineering and Technology-Piler(AP)

**INTERMEDIATE- MPC**

Jul 2020-Mar 2022

Kesav Reddy EM High School-Piler(AP)

CPGA-48.5%

**Board Of Secondary Education**

2020

Sri chaithanya college of education-Madanapalle

CPGA-86.0%

## SKILLS

- Python
- SQL
- GITHUB
- NETLIFY
- HTML

## TOOLS

- VS Code
- Git and GitHub
- CMD

## PROJECTS

### MJR College Attendance Management Website

A full-stack college management system built using **HTML, CSS, and JavaScript**, featuring local data storage and a secure multi-login interface.

- Developed an **Admin Dashboard** to manage teachers, students, attendance, and department requests.
- Implemented **Teacher, Student, and Parent login portals** with dynamic UI components.
- Added **attendance marking, CSV export, and SMS alert automation**.
- Enabled request approval and digital record management for smooth administration.  
*Demo & Source Code available on GitHub.*

## Monthly Expense Tracker

A Python desktop application designed to manage daily expenses with visual insights.

- Features **add/update/delete** expense entries with monthly summaries.
- Generates **category-wise reports** and analytics.
- Supports **CSV export** for long-term record keeping.

*Source Code available on GitHub.*

## Student Attendance Tracker with Face Recognition

- Detects student faces and logs attendance automatically.
- Stores student details and attendance records in a dedicated database.
- Includes an **Admin Dashboard** to generate attendance reports.

*Source Code available on GitHub.*

# CERTIFICATES

---

## **Python Intern Certificate – (Skilldzire)**

Duration: 1 Month Internship

Completed a hands-on Python internship focusing on programming fundamentals, automation, and mini-project development under industry mentorship.

## **NPTEL Certificate – (Course by IIT / Government of India – NPTEL)**

Duration: 12 Weeks (as per NPTEL course)

Successfully completed the NPTEL certified course, gaining strong theoretical and practical understanding of subject concepts with national-level recognition.

## **Python Certification – (Webvoid Technologies)**

Duration: 1–2 Weeks Training

Certified for completing web development training covering HTML, CSS, JavaScript, responsive UI design, and basic project implementation.
